Dear Friends,

Greetings from the organising team of **OI 7.0**

We are just 3 weeks away from much awaited 7th Oncosurgery Thyroid Mastercourse to be held on 16th-17th April, 2022 at Ahmedabad.

As we know, most of the thyroid cancers are highly curable with excellent outcomes. At the same time it requires multidisciplinary knowledge and a team approach. Oncosurgery Mastercourse over the years has become a platform for demonstrating excellence in surgical techniques & optimum use of technology by Masters of the field sharing their rich experiences.

OI 7.0 encourages propagation of this art for all participants by observing & interacting with Masters. More than 45 Reputed National and International faculties are going to share their experiences through didactic lectures, Videos & Panel discussions. Our team has worked tirelessly to make this program a great academic learning experience.

Let us use this opportunity to learn from mutual experiences for ensuring better patient outcomes.

See you at OI 7.0
